It is with great pride and gratitude that I reflect on a defining moment in our journey: the official launch of Make-A-Wish® Indonesia in October at the Main Hall of the Indonesia Stock Exchange. This milestone marks the beginning of a new chapter in our mission to bring hope, strength, and joy to children with critical illnesses.

Since our inception, the Make-A-Wish® Indonesia team has worked with unwavering dedication to build a strong and purposeful foundation. From mobilizing the right resources and setting clear, strategic goals to forming key partnerships and engaging local communities, every step has been taken with one vision in mind which is to Transform Lives, One Wish at A Time.

As of today, we have successfully granted 67 **heartfelt wishes**. The impact of these wishes extends far beyond the day they are granted. They serve as powerful reminders of resilience and hope, transforming lives and uplifting spirits. Children who are navigating the complexities of critical illness often have their childhoods interrupted, if not taken entirely. Our mission, captured in the words “Creating Life Changing Wishes for Children With Critical Illness” is to restore some of what illness has taken away, helping to improve not only their emotional well-being but also their physical health.

Our Core Values guide every aspect of our mission. **Child Focus** reminds us to always prioritize the needs and dreams of wish children. We uphold **Integrity** by acting with honesty, transparency, and respect. With a focus on **Impact**, we aim to create meaningful, lasting change in the lives we touch. **Innovation** drives us to be bold and creative in delivering our mission. And through **Community**, we unite diverse individuals to work together in bringing hope and joy to children with critical illnesses. Looking ahead, we are driven by a bold and compassionate vision: to grant the wish of every eligible child across Indonesia. To achieve this, we recognize the growing need for increased awareness, broader community support, and sustainable revenue growth.

Together with our partners, volunteers, donors, and supporters, we have the power to shape brighter futures for children facing unimaginable challenges. As we move forward, we invite you to continue standing with us, so that every eligible child in Indonesia can experience the hope, strength, and joy of a wish come true. The journey ahead is filled with possibility, and **your continued support will help turn more dreams into reality.**

CHAIR's MESSAGE

PESAN KETUA DEWAN PEMBINA

Dengan penuh rasa bangga dan syukur, saya mengenang sebuah momen penting dalam perjalanan kami: peluncuran resmi Make-A-Wish® Indonesia pada bulan Oktober di Main Hall Bursa Efek Indonesia. Tonggak sejarah ini menandai awal dari misi kami untuk membawa harapan, kekuatan, dan kebahagiaan bagi anak-anak dengan penyakit kritis.

Sejak awal berdiri, tim Make-A-Wish®Indonesia telah bekerja dengan penuh dedikasi untuk membangun fondasi yang kuat dan bermakna.

Mulai dari mengelola sumber daya secara tepat, menetapkan tujuan strategis yang jelas, menjalin kemitraan yang penting, hingga melibatkan komunitas lokal. Semua langkah ini dilakukan dengan satu visi yang sama, yaitu "Mengubah Hidup, Satu Harapan Setiap Satu Waktu"

Hingga saat ini, kami telah berhasil mewujudkan lebih dari **67 permohonan yang penuh makna**. Dampak dari setiap permohonan ini jauh melampaui momen saat harapan itu dikabulkan. Momen ini menjadi pengingat kuat akan dampaknya sebuah harapan, serta membawa perubahan dan semangat baru bagi anak-anak dan keluarga mereka. Anak-anak yang harus menghadapi penyakit kritis kerap kehilangan masa kecilnya. Misi kami, "Bersama, kita wujudkan wish (harapan) untuk mengubah kehidupan anak-anak pejuang penyakit kritis," adalah untuk mengembalikan sebagian dari masa kecil yang hilang, dan membantu memulihkan kesehatan mental maupun fisik mereka.

Nilai-Nilai Utama kami menjadi pedoman dalam setiap aspek kerja kami. **Fokus pada Anak** mengingatkan kami untuk selalu mengutamakan kebutuhan dan impian anak-anak yang kami bantu. Kami menjunjung tinggi **Integritas** dengan bertindak jujur, transparan, dan penuh rasa hormat. Melalui komitmen terhadap **Dampak**, kami berupaya menciptakan perubahan nyata dan berkelanjutan. **Inovasi** mendorong kami untuk terus berani dan kreatif dalam menjalankan misi kami. Dan melalui semangat **Komunitas**, kami menyatukan beragam individu untuk bekerja sama membawa harapan dan kebahagiaan bagi anak-anak yang sangat membutuhkannya. Ke depan, kami didorong oleh visi: Mewujudkan wish (harapan) setiap anak yang memenuhi syarat. Untuk mencapai hal ini, kami menyadari pentingnya peningkatan kesadaran publik, dukungan komunitas yang lebih luas, serta pertumbuhan pendanaan yang berkelanjutan.

Bersama para mitra, relawan, donatur, dan seluruh pendukung kami, kita memiliki kekuatan untuk membentuk masa depan yang lebih cerah bagi anak-anak yang menghadapi tantangan luar biasa. Kami mengajak Anda untuk terus berjalan bersama kami, agar setiap anak yang membutuhkan bisa merasakan harapan, kekuatan, dan kebahagiaan dari sebuah permohonan yang menjadi kenyataan. Perjalanan ke depan penuh dengan kemungkinan, dan **dukungan Anda akan membantu mewujudkan lebih banyak mimpi menjadi kenyataan**.

Meet Imelda Tanoyo

Chief Executive Officer

Dear Friends, Supporters, and Partners,

In 2024, we planted a seed of hope. Today, that seed has blossomed into a growing movement.

As CEO of Make-A-Wish® Indonesia, I am proud to reflect on an extraordinary first year as part of the world's largest wish-granting family, Make-A-Wish® International. We are the only organization of our kind in the country, solely dedicated to granting life-changing wishes for children with critical illnesses.

Since our establishment, we have granted 67 heartfelt wishes as of August 2025. Behind each number lies a powerful story. Aisya, 7, diagnosed with rhabdomyosarcoma, wished to become a flight attendant. That day, she lit up with confidence and joy—touching airline staff and volunteers who witnessed her determination. Aufar, 12, bravely battling leukemia, met his beloved soccer team, PERSIJA. His wish created waves of emotional support and reminded us how community-driven compassion can uplift a child and inspire many.

Our mission is clear: **to create life-changing wishes for children with critical illnesses.** But a mission is only as powerful as the understanding behind it. That's why we continue to raise awareness because we believe that wishes are not just “nice to have.” They bring moments of strength, joy, and belief when they are needed most. Our impact is grounded in the **Theory of Change**—that a wish can ignite hope, and hope can lead to emotional and psychological healing. In the short term, our wishes foster positive emotions, strengthen family bonds, and help broaden a child's perspective of what is possible. In the long term, they can **improve emotional resilience, promote social confidence, and leave lasting memories** that shape a child's outlook on life. When families hold on to the joy of a wish, that memory becomes a source of strength.

By engaging families, medical professionals, volunteers, and communities, we create a ripple effect that goes far beyond the child alone. It fosters a culture of empathy, unity, and resilience in our country. So from the bottom of my heart, I would like to say thank you. None of this would be possible without the generous support of our partners, donors, and volunteers. Your belief in our mission fuels everything we do. Thank you for walking this journey with us, for believing in the power of hope, and for playing a vital role in shaping a brighter future for children across Indonesia.

As we look to the future, we remain steadfast in our commitment: to reach more children, tell more stories of hope, and continue transforming lives, one wish at a time.

CEO's MESSAGE

PESAN KETUA

Dear Friends, Supporters, and Partners,

Pada tahun 2024, kami menanam benih harapan. Kini, benih itu telah tumbuh menjadi sebuah gerakan yang berkembang. Sebagai CEO Make-A-Wish® Indonesia, saya bangga mengenang tahun pertama kami sebagai bagian dari keluarga besar Make-A-Wish® International—organisasi pemberi harapan terbesar di dunia dan satu-satunya di Indonesia yang fokus mewujudkan harapan anak-anak dengan penyakit kritis.

Sejak berdiri, hingga Agustus 2025, kami telah mewujudkan 67 harapan penuh makna. Di balik angka ini ada kisah nyata. Aisya, 7 tahun, yang mengidap rhabdomyosarcoma, ingin menjadi pramugari—pengalaman itu memberinya semangat dan kepercayaan diri, serta menginspirasi mereka yang menyaksikannya. Afuar, 12 tahun, yang melawan leukemia, bertemu tim sepak bola favoritnya, PERSIJA—mewujudkan harapannya membawa gelombang dukungan dan menunjukkan kekuatan kepedulian komunitas.

Misi kami jelas: **menciptakan harapan yang mengubah hidup bagi anak-anak dengan penyakit kritis.** Namun sebuah misi hanya sekuat pemahaman yang mendasarinya. Karena itu, kami terus mengedukasi dan membangun kesadaran—karena kami percaya bahwa harapan bukanlah sesuatu yang “boleh ada” saja. Harapan adalah kebutuhan. Harapan membawa kekuatan, kebahagiaan, dan keyakinan di saat mereka paling dibutuhkan.

Dampak kerja kami didasarkan pada **Theory of Change**—bahwa harapan bisa memantik semangat, dan semangat bisa mendorong penyembuhan secara emosional dan psikologis. Dalam jangka pendek, harapan dapat menciptakan emosi positif, memperkuat ikatan keluarga, dan membuka pandangan anak terhadap kemungkinan-kemungkinan baru. Dalam jangka panjang, harapan dapat **membangun ketahanan emosional, meningkatkan rasa percaya diri dalam bersosialisasi, dan meninggalkan kenangan** yang membentuk pandangan hidup anak. Ketika keluarga menyimpan kenangan bahagia dari harapan yang terwujud, memori itu menjadi sumber kekuatan.

Dengan melibatkan keluarga, tenaga medis, relawan, dan komunitas, kami menciptakan efek domino tidak hanya ke sang anak tapi juga semua pihak yang terkait. Dari hati saya yang terdalam, terima kasih kepada para mitra, donor, dan relawan. Dukungan Anda menjadi kekuatan di balik setiap harapan yang terwujud. Terima kasih telah berjalan bersama kami dan ikut mewujudkan masa depan yang lebih cerah bagi anak-anak Indonesia.

Ke depan, kami terus berkomitmen menjangkau lebih banyak anak, menyebarkan lebih banyak kisah harapan, dan mengubah hidup, satu harapan setiap satu waktu.

The Little Flight Attendant: Aisyah's Sky High Dream

I wish to be a flight attendant

Aisyah, 7
rhabdomyosarcoma

Aisyah Inara, a shy 7-year-old, is currently battling rhabdomyosarcoma (a rare muscle cancer) that first appeared as a lump near her eye. Despite undergoing over 30 rounds of chemotherapy and an eye removal surgery, Aisyah's spirit remains radiant. Her greatest dream is to become a flight attendant, something she often acts out in front of the mirror, though she's never been to an airport or on a plane.

Aisyah Inara, gadis kecil pemalu yang berusia 7 tahun, saat ini tengah berjuang melawan rhabdomyosarcoma (kanker otot langka) yang pertama muncul sebagai benjolan di matanya. Meskipun telah menjalani lebih dari 30 kali kemoterapi, dan operasi angkat mata, semangat Aisyah tetap bersinar terang. Impian terbesarnya adalah menjadi pramugari, profesi yang sering ia perankan di depan cermin, meski belum pernah mengunjungi bandara ataupun naik pesawat.

Dreams Take Off

Thanks to the fundraising efforts of students from British School Jakarta, Aisyah's dream took flight through our Adopt-A-Wish® program. She became a real flight attendant for a day—wearing a custom Garuda Indonesia uniform, rehearsing safety demonstrations, and even making an in-flight announcement. The celebration continued with birthday candles at the check-in counter, goodie bags for passengers, and a special gift of a miniature jet. More than just a day of play, it was a moment of joy, confidence, and hope that showed Aisyah how high she can soar.

Mimpi yang Lepas Landas

Berkat dukungan para siswa dari British School Jakarta yang menggalang dana melalui bazar sekolah, harapan Aisyah akhirnya terwujud melalui program Adopt-A-Wish®. Aisyah menjadi pramugari sehari, mengenakan seragam, hingga melakukan pengumuman di dalam pesawat. Ia meniup lilin di area check-in, membagikan goodie bag kepada penumpang, dan juga menerima miniatur pesawat sebagai kenang-kenangan. Lebih dari sekadar bermain peran, hari itu menjadi momen penuh sukacita, percaya diri, dan harapan yang menunjukkan betapa tinggi Aisyah bisa terbang.

I WISH TO MEET...

From the Stands to the Field: Aufar's Jakmania Dream

Aufar, 11, has always loved football—especially Persija, the number one football club in Jakarta. Before being diagnosed with leukemia, he spent hours playing and dreaming of joining his favorite team. Treatment put him in a wheelchair, but his love for the game never faded.

Aufar, 11 tahun, selalu mencintai sepak bola—terutama Persija, klub nomor satu di Jakarta. Sebelum didiagnosis leukemia, ia sering bermain dan bermimpi bergabung dengan tim favoritnya. Meski pengobatan membuatnya harus menggunakan kursi roda, cintanya pada sepak bola tetap kuat.

I wish to meet Persija Jakarta

Aufar, 11
leukemia

A Jakmania at Heart

The passionate fans who cheer Persija with all their spirit—Aufar had one simple wish: “If I could wish for anything, I wish to meet the whole Persija team.” On May 15, that dream came true. Aufar stepped onto the field—not in a wheelchair, but standing tall. He kicked the ball, ran across the pitch, and even scored a goal, cheered on by his heroes. The sky looked as if it was about to rain, but it felt like the clouds held back, waiting for Aufar to finish his moment.

A Jersey, a Hero, and a Heart Full of Hope

The surprises didn't stop there. Aufar received a Persija jersey signed by all the players—and to top it off, his favorite player, Gustavo, personally handed him the jersey he had just worn. Aufar held it close, speechless. It wasn't just a dream come true—it was a powerful reminder of his strength, joy, and the hope that he'll return to the game he loves, stronger than ever.

Jakmania Sejati

Sebagai seorang Jakmania sejati penuh semangat yang selalu mendukung Persija dengan sepenuh hati—Aufar hanya punya satu harapan sederhana: “Kalau aku bisa berharap apa saja, aku ingin bertemu seluruh tim Persija.” Pada 15 Mei, mimpi itu menjadi nyata. Aufar melangkah ke lapangan—bukan dengan kursi roda, tapi berdiri tegak. Ia menendang bola, berlari di atas rumput, dan bahkan mencetak gol, disambut sorakan para idolnya. Langit tampak hendak menurunkan hujan, namun seakan-akan menahan diri—menunggu sampai Aufar menyelesaikan momen berharganya.

Jersey, Idola, dan Hati penuh Harapan

Kejutan berlanjut. Aufar mendapat jersey Persija bertanda tangan semua pemain, dan pemain favoritnya, Gustavo, memberinya jersey yang dipakai saat latihan. Aufar memeluknya erat, tak bisa berkata-kata. Ini bukan sekadar mimpi jadi nyata, tapi pengingat kekuatan, kebahagiaan, dan harapan bahwa ia akan kembali ke sepak bola dengan semangat lebih besar.

Kaleya, 3
leukemia

Kaleya is a bright and joyful 4-year-old girl who has faced leukemia with incredible strength. Even at such a young age, she has a big imagination and an even bigger dream—she wished for an Elsa-themed birthday party, just like her favorite princess from Frozen.

Kaleya adalah seorang gadis ceria berusia 4 tahun yang menghadapi leukemia dengan kekuatan luar biasa. Meski masih sangat muda, ia memiliki imajinasi besar dan mimpi yang lebih besar lagi—ia berharap bisa merayakan pesta ulang tahun bertema Elsa, princess favoritnya dari Frozen.

On her Wish Day, Kaleya's dream came to life. The venue at Bumi Playscape was transformed into a winter wonderland, filled with shimmering blue decorations and touches of Frozen magic. Kaleya arrived in her sparkling Elsa dress with matching accessories, her face glowing with excitement as she stepped into her fairytale celebration. Her eyes sparkled with delight as each gift added more magic to her special day. The highlight of the celebration was when Kaleya blew out the candles on her birthday cake. This Wish Day was extra special because she was also celebrating her fourth birthday, making the moment even more meaningful.

Di hari harapannya, mimpi Kaleya menjadi nyata di Bumi Playscape berubah menjadi negeri musim dingin yang indah, dipenuhi dekorasi biru berkilauan, kepingan salju, dan sentuhan khas Frozen. Hari itu dimulai dengan sesi *face painting* spesial yang membuatnya semakin merasa seperti princess kesayangannya.

Chasing Snowflakes: Yusrizal's Snow World Adventure

*I wish to go play in
the snow*

**Yusrizal, 6
lymphoma**

Yusrizal is a bright 6-year-old boy bravely battling lymphoma. His big dream began after watching a video on social media that showed snowy scenes in Japan. Since then, he wished for one thing—to experience snow for the very first time.

Yusrizal adalah anak laki-laki berusia 6 tahun yang ceria dan berjuang melawan limfoma. Mimpinya bermula setelah menonton sebuah video di media sosial yang menampilkan pemandangan salju di Jepang. Sejak saat itu, ia memiliki satu keinginan—merasakan salju untuk pertama kalinya.

On his Wish Day, that dream finally came true. Yusrizal visited Trans Snow World Bintaro, where a magical snowy world awaited him. With eyes full of excitement, he stepped inside, eager to play and feel the snowflakes on his hands. The day was filled with laughter and joy. Yusrizal ran around, threw snowballs, tried the slides, and enjoyed every moment of his snowy adventure. For him, it felt like stepping right into the winter wonderland he had always imagined.

More than just a trip, this Wish Day was a priceless memory –when Yusrizal's dream came to life. It is a moment he and his family will cherish forever, a reminder that hope can bring true magic.

Di Hari perwujudan harapan Yusrizal, mimpi itu akhirnya menjadi nyata. Yusrizal mengunjungi Trans Snow World Bintaro, tempat dunia salju penuh keajaiban menantinya. Dengan mata berbinar, ia melangkah masuk, tidak sabar untuk bermain dan merasakan butiran salju di tangannya. Hari itu dipenuhi dengan tawa dan kebahagiaan. Yusrizal berlarian, melempar bola salju, mencoba perosotan, dan menikmati setiap detik dari petualangan saljunya. Baginya, rasanya seperti benar-benar masuk ke negeri musim dingin yang selalu ia bayangkan.

Lebih dari sekadar perjalanan, Hari Wish ini menjadi kenangan tak ternilai—saat mimpi Yusrizal menjadi nyata. Sebuah momen yang akan selalu dikenang olehnya dan keluarganya, pengingat bahwa harapan bisa menghadirkan keajaiban sesungguhnya.

OUR VOLUNTEERS

Relawan Kami

I first learned about Make-A-Wish a few years ago and immediately fell in love with the values the organization stands for. I believe deeply in the power of children, as they hold the promise of our future. Volunteering here has shown me how each of us can transform lives in our own way, while teaching me to be more compassionate and to never lose hope. Long live Make-A-Wish!

Claudia Suwardi

Vidia Kusumasari

I did volunteering with several causes, but volunteering with Make-a-Wish® Indonesia feels different for me. The program is designed very customized for each child, so it feels intimate and has special bond with the children themselves. This experience has taught me that I am not the one who gives, rather the children and their families are the one who show me on how resilient looks like and how it fuels love for me. I am always excited to be part of Make-A-Wish® volunteers.

Make-A-Wish® is an organization that holds a very special place in my heart. Through Make-A-Wish®, I could get the chance to take part in granting someone's wish—a truly meaningful and priceless experience. Every moment with Make-A-Wish® always filled with joy, sincerity, and gratitude. There's an indescribable warmth in witnessing a smile and a dream come true, and that in itself is a blessing for me.
