*"I wish to go to
Taman Safari"*
Adriell, 11
Chronic Kidney Disease

THE WISH

Age: 11 years old

Diagnosis: Chronic Kidney Disease

Adriell is a cheerful 11-year-old boy whose wish is to go to Taman Safari Indonesia. Even after being diagnosed with chronic kidney disease in 2025, Adriell continues to enjoy life like other children his age. He still loves playing football, going to school, and spending time with his friends.

Together with Rylan Pribadi Foundation, the Wish Granting team helped make Adriell's special wish come true. On his Wish Day, Adriell was accompanied by his little sister, grandmother, and parents to enjoy a memorable family trip together. What made the day even more special was that it also happened to be his mother's birthday, giving the family another beautiful moment to celebrate together.

From the moment they arrived, Adriell could not hide his excitement, especially when he found out that he and his family would experience an exclusive private tour around the safari park. Throughout the day, they explored the jungle area and saw many amazing animals such as Bengal tigers, hippos, deer, honey bears, and many more. Adriell even bravely fed the lions together with his mother and little sister. Afterward, they visited the Baby Zoo before enjoying lunch together at Panda Castle, where they could watch the adorable pandas through the large glass windows while sharing a warm family meal.

To celebrate his mother's birthday, the Wish Granting team also prepared a small surprise celebration for Adriell's mom during the Wish Day. The joyful moment made the experience feel even warmer and more meaningful for the whole family.

To complete the special day, Adriell and his family happily watched the dolphin show and cowboy show together, filling the day with laughter and joy. It was truly a beautiful and unforgettable moment for Adriell and his family. Adriell shared that it was one of the most special days he had ever experienced—different from any other day, and a memory he will always carry in his heart.

This meaningful wish was made possible through the support of those who continue to believe in the power of a wish, in honor of Rylan Pribadi. Through moments like these, a wish becomes more than just a special day—it creates happiness, strengthens family bonds, and gives children like Adriell something joyful to hold onto as they continue their journey forward.

★ WISH DAY MOMENTS ★

THE IMPACT

"Thank you to Make-A-Wish Indonesia and everyone who participated through the Rylan Pribadi Foundation. We are truly grateful and happy to see Adriell's wish finally come true. Adriell was so excited to spend this special day together with his little sister and family. Throughout the day, we shared many joyful moments together, such as feeding the lions, seeing the pandas, watching the dolphin show, and enjoying the cowboy show. Seeing Adriell's happiness and excitement made this day even more meaningful and unforgettable for our family"

I wish to have a Tablet
Aiza, 4
Retinoblastoma

Age: 4 years old

Diagnosis: Retinoblastoma

Aiza is a 4-year-old girl who has been bravely battling Retinoblastoma. Despite the challenges she faces, Aiza is known as a cheerful, bubbly child who easily connects with the people around her and brings joy wherever she goes.

Aiza's wish was to have a tablet—something she had been hoping for to accompany her daily activities, entertainment, and learning moments. This special wish was granted through Rylan Pribadi's Adopt-A-Wish® program, helping create a meaningful and joyful experience for Aiza and her family.

On her special Wish Day, Aiza was welcomed with a beautifully prepared celebration, including a Wish Day cake designed with characters from KPop Demon Hunters, one of the themes she loves.

The moment she saw the Make-A-Wish® Indonesia team bringing her cake and singing "Happy Wish Day," Aiza looked incredibly excited and happy. She smiled brightly and even jumped around with joy, filling the room with laughter and warmth. Her cheerful energy made the day feel even more special for everyone who accompanied her.

Using her new tablet, Aiza happily sang songs from KPop Demon Hunters, enthusiastically following along with the music. To make the day even more memorable, Aiza also received a Rumi doll as a special secondary gift, bringing even more excitement and comfort to her celebration.

Through this wish, Aiza and her family were able to create a beautiful memory filled with happiness, love, and encouragement – a reminder of the strength, joy, and renewed spirit that a wish can bring as she continues her journey forward.

★ WISH DAY MOMENTS ★

THE IMPACT

"Thank you to Make-A-Wish Indonesia for giving something truly wonderful. May you always be blessed with good health and abundant blessings in the future. I would also like to express my gratitude to the family of Rylan Pribadi and Make-A-Wish Indonesia for giving something so meaningful and beneficial to Aiza. May you all be blessed with good health, prosperity, and a long life"

I wish to have a
Smartphone
Putri, 14
Ovarian Cancer

THE WISH

Age: 14 years old

Diagnosis: Ovarian Cancer

Putri, a cheerful 14-year-old girl, has been bravely battling ovarian cancer since she was 13 years old. Despite the many challenges she faces throughout her treatment journey, Putri continues to hold onto simple joys that bring happiness to her everyday life. One of her biggest wishes was to have a new smartphone—something she had long hoped for to support her learning activities and also to enjoy playing games during her free time. For Putri, having a new phone was more than just receiving a gift; it was a source of excitement, comfort, and motivation as she continues her courageous fight against illness.

On her Wish Day, Putri's heartfelt wish finally came true through the support of Make-A-Wish@Indonesia. Filled with happiness and anticipation, Putri received her new smartphone with a bright smile on her face. She immediately explored its features with great enthusiasm, excited to use it for studying, connecting with others, and playing her favorite games. This meaningful wish was made possible through the support of those who continue to believe in the power of a wish, in honor of Rylan Pribadi, helping create a joyful and memorable experience for Putri and her family.

To make the celebration even more memorable, Putri was also treated to one of the foods she had wanted to try for a very long time: Korean kimbab. As a fan of Korean culture and cuisine, Putri had often expressed her curiosity and excitement about tasting kimbab someday. On this special day, she finally had the chance to enjoy the delicious Korean dish she had always dreamed of trying. Every bite brought her joy and made the moment even more meaningful.

Throughout the day, Putri's happiness radiated brightly. Surrounded by warmth, love, and support, she was able to momentarily set aside the challenges of her medical journey and simply enjoy being a teenager filled with dreams and excitement. Her Wish Day became a beautiful reminder that even the simplest wishes can create extraordinary happiness and unforgettable memories.

WISH DAY MOMENTS

THE IMPACT

"As Putri's parents, we would like to express our heartfelt gratitude to Rylan Pribadi for making our daughter's special wish come true. Seeing Putri so happy and excited during this meaningful experience brings immense joy to our family. Thank you for giving her beautiful memories, renewed spirit, and happiness that will always stay in our hearts"

- Sriyanto & Sutini, Putri's parents

I wish to have a Tablet
Haqi, 5
Lymphoma Hodgkin

THE WISH

Age: 5 years old

Diagnosis: Lymphoma Hodgkin

Haqi is a cheerful and brave 5-year-old boy whose wish is to have a tablet. He dreams of having a device he can use for learning, drawing, and playing games. Since being diagnosed with Hodgkin lymphoma in May 2025, Haqi has been undergoing chemotherapy and bravely facing each step of his treatment journey.

"Mom, where are we going? When will we arrive?" Haqi kept asking throughout the journey to his Wish Day at the Make-A-Wish® Indonesia office. Filled with excitement and curiosity, he could hardly wait for his special day to begin.

When Haqi arrived, he was welcomed with a cake surprise and everyone singing "Happy Wish Day" just for him. The excitement in his eyes said it all. One by one, he unboxed the gifts that had been prepared especially for him, until finally he reached his main wish—a kids' tablet.

Without wasting a moment, Haqi immediately started exploring his new tablet. He opened YouTube, downloaded several games, and spent time drawing and coloring. He also enjoyed a special lunch featuring chicken katsu and a burger—two foods he had previously told the Wish Granting team he really wanted to try.

Seeing Haqi's happiness throughout the day brought tears to his mother's eyes. It was a warm and joyful day for both of them—a beautiful break from hospital visits and treatment routines, and a precious memory they will always cherish.

This meaningful wish was made possible through the support of those who continue to believe in the power of a wish, in honor of Rylan Pribadi. Through Haqi's Wish Day, we were reminded that a wish can create moments of joy and lasting memories for children facing critical illnesses and their families.

WISH DAY MOMENTS

THE IMPACT

"Thank you, Make-A-Wish® Indonesia, for making Haqi's wish come true. Our heartfelt thanks also go to the Rylan Pribadi Foundation for all the kindness and support you have given us. Words cannot express how grateful we are, and we can never fully repay your generosity. We wish you continued success and blessings in everything you do"
