Nia's Dream of Becoming an Entrepreneur

Seventeen-year-old Nia is a bright, creative, and determined young girl with a passion for business and big ideas. She always dreamed of becoming an entrepreneur, running her own online snack brand filled with fun flavors and youthful energy.

Even while facing the challenges of a brain tumor, Nia never lost her curiosity or her drive to learn. Her wish was simple yet full of heart: "I wish to be an entrepreneur."

To bring this dream to life, Make-A-Wish® Indonesia, with the support of Iluni FEB Golf Club UI through the Adopt-A-Wish® program, designed a special journey just for Nia.

She attended online business classes guided by mentors who shared their insights and encouragement.

When her condition worsened and she could no longer attend in-person activities, her wish was lovingly adapted. The team created a personalized entrepreneurship book, crafted just for Nia, imagining her dream snack business in vivid detail. Inside were the business name, branding ideas, and the delicious snack concepts she once dreamed of creating.

Though her wish took a different path, it became something deeply meaningful: a celebration of Nia's creativity, strength, and courage to dream even in difficult times. Her story reminds us that the heart of every wish lies not only in what is achieved, but in the hope, imagination, and joy it brings.

“

Even though Nia is still on bedrest, seeing her excitement during the Wish Day gave us hope that her dream is still within reach —
Nasir, Nia's Father

Behind Every Wish: A Community of Support

Nia's Wish Day is made possible through the collaboration of families, volunteers, partners, and the Make-A-Wish® Indonesia team, all coming together to create unforgettable moments of hope and joy for children living with critical illnesses. The summary below highlights the collective effort and participation that made Nia's special day truly meaningful.
